56th Annual Report
2019-2020

FROM THE DESK OF MANAGING DIRECTOR

My board of directors join me to express our sincere gratitude to all our stakeholders and customers for reposing their faith in our company. We also wish to thank all our employees for their loyalty, devotion and enthusiasm by leaving no stone unturned to enable your company to reach the glory it has currently reached.

Gautam Vithaldas Pai Kakode
Managing Director

Dear Shareholders,

It gives me great pleasure to present the fifty sixth (56th) Annual Report of the Company, together with the audited financial statements for the year ended 31st March 2020.

Your company's performance during the year ended 31st March 2020 has been on expected lines, given the completion from both established local & multinational and new players in our industry.

The turnover for the year has dropped marginally to Rs 30.64 crores compared to Rs 31.84 crores for the previous financial year ending 31st March 2019.

However the comprehensive income for the year has registered a decent increase to Rs 56.7 lakhs, when compared to Rs 45.4 lakhs during the previous financial year ending 31st March 2019.

However from 25th March 2020 when the country went into a Covid-19 virus induced lockdown, off-take of our industrial gases have seen a significant drop but on the brighter side off-take of medical gases has gone up significantly but the impact on the turnover and profitability for the financial year under report is insignificant.

The impact on the turnover and the profitability due to the ongoing Covid-19 pandemic will be felt only in the results of the financial year ending 31st March 2021. I sincerely believe that the results may not be very adverse as we have been fully utilizing our plant capacities in supplying life saving high purity medical gases to hospitals and medical facilities handling the pandemic. However supply of industrial gases will be affected to a great extent.

Rest assured that your company will remain in the forefront of the ongoing battle against Covid-19 virus by aiding and assisting our countrymen in our own way by keeping the supply line for life saving medical gases running in full capacity in these very difficult times.

Management Discussion Analysis Report

World

At the start of calendar year 2020, global growth reported early signs of manufacturing activity and global trade bottoming out, a broad-based shift toward accommodative monetary policy, intermittent favourable news on US-China trade negotiations and diminished fears of a no-deal BREXIT. However, the emergence of COVID-19, affecting nearly every corner of the world, has injected a great deal of uncertainty into the global macroeconomic conditions.

Restrictions necessary to contain the spread, including social distancing and lockdowns, have exacted a considerable toll on businesses and livelihoods. Risk aversion is on the rise, while views on economic activity, earnings and credit quality have deteriorated sharply. But global policy response across governments and central banks have helped avert an even steeper crisis. Local measures are supporting displaced workers and daily wage-earners in the near term.

In its June 2020 estimates, the International Monetary Fund (IMF) predicted that the global GDP will contract by 4.9% in 2020. Projections of weaker private consumption reflect a combination of a large adverse aggregate demand shock and a rise in precautionary savings. Moreover, investment is expected to be subdued as firms defer capital expenditures deterioration in private domestic demand. The adverse impact on low-income households is particularly acute, imperilling the significant progress made in reducing extreme poverty in the world since the 1990s. For economies struggling to control infection rates, a lengthier lockdown will inflict an additional toll on activity. a lengthier lockdown will inflict an additional toll on activity.

P: Projections | Source: International Monetary Fund (IMF) World Economic Outlook June 2020

Outlook

Given a baseline scenario, which assumes that the pandemic decelerates towards the end of 2020 and that containment policies can be retracted gradually, the world economy will expand by 5.4% in 2021 with the help of coordinated policy support. All countries, including those that have seemingly passed peaks in infections, should ensure that their health care systems are adequately resourced. The international community must vastly step up its support of national initiatives, including through financial assistance to countries with limited healthcare capacity and channelizing of funding for vaccine production as trials advance, so that adequate, affordable doses are quickly available to all countries.

India

The Indian economy was riding out cyclical and structural factors in FY 2018-19 and most parts of FY 2019-20 due to muted private consumption, a contraction in manufacturing and sluggish investments. However, the emergence of COVID-19 has cast a shadow on any prospects of a recovery. The Indian economy recorded its slowest growth in a decade at 4.2%.

The Government of India, together with the states, imposed a nationwide lockdown from March 25, 2020, to stem the contagion. The shutdown translated into disruptions in supply chain and a steep fall in consumption. External risks have increased significantly, due to weakened export demand, reduced investor confidence and non-availability of raw materials and intermediate inputs.

To offset the lockdown losses and set the economy on the path to recovery, the government announced a series of short- and long-term policy initiatives. The fiscal support under 'Aatma Nirbhar Bharat Abhiyan' rolled out on May 12, 2020, intends to inject ` 20.90 lakh crores into the economy, ~10% of the nominal GDP of India.

INDEPENDENT AUDITORS' REPORT

To,
The Members
The Southern Gas Limited
Margao, Goa

Opinion

We have audited the standalone financial statements of **The Southern Gas Limited** ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. We have determined the matters described below to be key audit matters to be communicated in our report.

Key Audit Matter	How the matter was addressed in our Audit
<p>Revenue Recognition</p> <p>The Company's revenue is mainly derived from the sale of liquid gases stored in Cylinders, Cylinder Maintenance, and a minor amount from Penalty for delayed return of cylinders. The Company recognizes revenue upon full execution of the terms of sale, which normally coincides with delivery. The terms set out in the Company's sales contracts relating to goods acceptance by customers are varied. Accordingly, the terms and conditions of sales contracts may affect the timing of recognition of sales to customers as each sales contract could have different terms relating to customer acceptance of the goods sold, and time frame for return of cylinders. We identified the recognition of revenue as a key audit matter because revenue is one of the key performance indicators of the Company and is, therefore, subject to an inherent risk of misstatement.</p>	<p>Our audit approach was a combination of test of internal controls and substantive procedures including :</p> <ul style="list-style-type: none"> ● Assessing the appropriateness of the Company's revenue recognition accounting policies in line with Ind AS 115 ("Revenue from Contracts with Customers") and testing thereof. ● Evaluating the integrity of the general information and technology control environment and testing the operating effectiveness of key IT application controls. ● Evaluating the design and implementation of Company's controls in respect of revenue recognition. ● Testing the effectiveness of such controls over revenue cut off at year-end. ● Testing the supporting documentation for sales transactions recorded during the period closer to the year end and subsequent to the year end, including examination of credit notes issued after the year end to determine whether revenue was recognised in the correct period. ● Performing analytical procedures on current year revenue based on monthly trends and where appropriate, conducting further enquiries and testing.

Information other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's report, Business Responsibility Report, Corporate Governance and shareholder's information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare

circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF THE SOUTHERN GAS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of THE SOUTHERN GAS LIMITED ('the Company') as of 31st March, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013. Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting. Meaning of Internal Financial Controls Over Financial Reporting.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020

The preparation and presentation of the financial statements is in conformity with Indian Accounting Standards, which requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of financial statements and the reported amounts of revenue and expenses during the reporting period. Although such estimates are made on a reasonable and prudent basis taking into account all available information, actual amounts could differ from these estimates and such differences are recognised in the period in which the amounts are ascertained. If material, their effects are disclosed in the notes to the financial statements.

The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life at the end of its life. An asset is identified as impaired when the carrying value of the asset exceeds its recoverable value and based on such assessment, impairment loss is recognized and charged to profit and loss statement in the period in which the asset is identified as impaired. The impairment loss recognised in the prior accounting periods is reversed in the year in which there has been change in the estimate of recoverable amount.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

xiv) Earnings per share

Basic & Diluted Earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders (after deducting attributable taxes and preference dividend, if any) of the company by weighted average number of equity shares outstanding at the end of financial year.

xv) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the company has present obligation as a result of past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the management estimates.

Contingent liabilities are disclosed when the company has a possible obligation and it is probable that a cash flow will not be required to settle the obligation.

Contingent assets are neither recognised nor disclosed in the accounts.

xvi) Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated

vii Risk Analysis of Defined Benefit Obligations

Given the defined benefit nature of the plan, the Employer is exposed to a wide range of risks. Each of these risks, if materialised, can increase the cost of benefits by an amount more than expected. Such an unexpected increase in costs can have an adverse impact on the financial situation of the Employer.

Each actuarial assumption made in the measurement of the DBO is a source of risk. There are additional risks which can have an adverse impact on the plan, but are not allowed for in the measurement of the DBO, such as liquidity and counterparty default risks. Some of the most significant risks are listed below

1 Discount Rate

Variations in discount rate don't affect the level of benefits under the plan. However, it is still a very significant assumption as it does affect the discount due to time value of money. A fall in discount rate will increase the present value of the obligation.

2 Salary Increases

Since the plan benefits are linked to final salary, higher than expected salary increases will increase the cost of benefits under the plan. An increase in the salary escalation assumption will increase the present value of the obligation

3 Attrition Rates

Deviations in actual attrition experience compared to the attrition assumption will change the level of benefits and therefore the cost of those benefits. A change in the attrition assumption will also affect the present value of the obligation

4 Mortality

Deviations in actual mortality experience compared to the mortality assumption will change the level of benefits and affect the cost of those benefits. A change in the mortality assumption will affect the present value of the obligation.

THE SOUTHERN GAS LIMITED

5 Regulatory Risk

Since the minimum benefits under the plan are set by law, there is risk that a change in law could require the employer to pay higher benefits, increasing the cost as well as the present value of obligation.

2.38 Capital Management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stakeholders through the optimization of the debt and equity balance. The Company is not subject to any externally imposed capital requirements.

2.39 Financial Risk Management

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

2.39.1 Market Risk

The Company's activities does not expose it to the financial risks of changes in foreign currency exchange rates and interest rates.

2.39.2 Credit Risk Management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

2.39.3 Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the board of directors. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	As at 31st March, 2020	As at 31st March, 2019
(i) Less than 1 year		
Short Term Borrowings	1,880	12,88,296
Trade Payables	132,26,032	106,34,171
Other Financial Liabilities	517,18,581	505,71,773

Long Term Borrowings	8,97,466	48,37,036
	8,97,466	48,37,036

Note : Deposits taken from Customers against Cylinders has been shown as "current" liability since the Company does not have an unconditional right to defer settlement of the liability for atleast 12 months after the reporting period, in compliance with Schedule III and Ind AS. However, practically, the company expects not more than 4% - 5% of deposits to fall due for repayment in the short term.

Fair Value Hierarchy

Level 1 : Quoted Prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 : Inputs for assets or liabilities that are not based on observable market data (unobservable inputs).

2.42 Impact of Covid-19

The outbreak of Coronavirus (Covid-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In many countries, businesses are being forced to cease or limit their operations for long or indefinite period of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. Covid-19 is significantly impacting business operation of the companies, by way of interruption in production, supply chain disruption, unavailability of personnel, closure / lock down of production facilities etc. On March 24, 2020, the Government of India ordered a nationwide lockdown for 21 days which further got extended from time to time.

The Company is in the business of producing Medical and Industrial Gases, both of which account for approximately half of the Revenue from Operations. As such, The Company's business falls under essential services. Accordingly, the Company has continued its operations during the lockdown period as well with certain restrictions on timing and number of people for operations. However, The Company expects that there will be a significant reduction in Turnover, and consequential reduction in Profitability, particularly in case of Industrial Gases, as a Domino effect of the overall slowdown resulted by the pandemic.

The Company has made detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, trade receivables and other Advances recoverable in Cash or kind. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. Hence, the management believes that there is no significant impact of COVID -19 on the financial statements of the Company for the year ended March 31, 2020. The impact of the COVID-19 pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

2.43 Resignation of Company Secretary

Pursuant to his resignation, Mr. Gourish Arolkar - Company Secretary of the Company, was relieved from the service of the Company effective 18th January, 2020. The Company is in the process of appointing a new Company Secretary which is currently constrained by the Covid 19 situation. The Board has appointed Mr. Shashidhar Haridas - CFO, as compliance officer of the Company, w.e.f 19th January, 2020 to look into compliance related matters and investor relations.
